Welcome to these Sacred Burial Grounds!

General Decoration Rules-

In growing season, no decorations can be placed on or stuck in the ground at graves; all must be in an approved vase or planted within 12 inches on three sides of a raised marker or monument. American flags (with standards) are the only exception from May 1 to July 15. There can be no balloons, statues, edging, decorative rocks, etc. Place discarded materials in large baskets or along roadside for pickup. In the winter, ground vases must be turned down. Any seasonal decorations must be on a stand, preferably a tripod. At crypts and niches, nothing can be placed on the marble or granite front except approved emblems or vases with florals. We clean the entire Cemetery completely starting on March 15 and October 15. You must remove decorations prior to those dates. Consult our brochure "Visitation & Decorations" for our complete policies.
